

# PROSTAR HPS GROW LAMP (HPS02)

## Applications:

Indoor cannabis, green houses, nurseries, hot houses & high tunnels for the horticulture and floriculture industries.

## EURO-GRO DOUBLE-ENDED HPS LAMP ( PCA)

- European PCA (Polycrystalline Alumina) imported from Holland
- Provides 35% more available energy than standard HPS lamps
- Specifically designed for high frequency electronic ballasts
- Absence of frame wire eliminates shadows
- For horizontal burning only
- Jacket made from quartz glass
- Do not handle with bare hands
